**INFORMATION DISCLOSURE STATEMENT**

Applicants submit herewith patents, publications or other information, of which Applicants are aware that Applicants believe may be material to the examination of this application, and in respect of which, there may be a duty to disclose. The filing of this information disclosure statement shall not be construed as a representation that a search has been made (37 C.F.R. § 1.97(g)), an admission that the information cited is, or is considered to be, material to patentability, or that no other material information exists. The filing of this information disclosure statement shall not be construed as an admission against interest in any manner. (Notice of January 9, 1992, 1135 O.G. 13-25, at 25.)

This information disclosure statement is accompanied by Form PTO/SB/08 (substitute for Form PTO-1449). Since copies of the cited references were provided either by Applicants or the Examiner in the following related U.S. Application – Serial No. 08/873,972, filed June 12, 1997 (now Patent No. 6,643,986) – upon which the instant application relies for its priority date, in accordance with 37 C.F.R. § 1.98(d), no

EV 459414428

copies of these references are enclosed. However, Applicants are enclosing a copy of reference no. C14, which, although provided in the parent application was cited in another form.

Further, in accordance with the provisions of 37 C.F.R. § 1.98(a)(3) and MPEP § 609(III)(A)(3), Applicants submit that reference nos. B1, B2, C15 and C16 are not in the English language and submits the following concise statements as to their relevance:

B1 and B2, Foreign Patents CH419526 and JP10-140653

References B1 and B2 were cited in a European Search Report for a corresponding application of the parent of the instant application. A copy of the English language search report for the counterpart European Patent Application is enclosed herewith for a concise statement as to their relevance. Applicants also direct the examiner's attention to reference no. C14, which is a Derwent Abstract of JP10-140653.

C16, Japanese Language Magazine Article

Applicants believe this articles was published in Japan on or about February 12, 1996. The article concerns the use of pre-fabricated shear resisting units built according to U.S. Patent 5,706,626. The building shown in the picute accompanying the article is the same building shown in the 4 pages of color photocopies identified as reference C2.

C15, Japanese Language Article "Wide Focus"

Applicants believe the subject matter of this article is the same as that of reference no. C16.

The person making this certification is the practitioner who signs below on the basis of the information supplied by the inventor(s) and in the practitioner's file.

Pursuant to 37 C.F.R. §1.97(c), enclosed is a check in the amount of \$180.00 as set forth in 37 C.F.R. §1.17(p). While no further fee is believed to be due, if this belief is in error the Commissioner is authorized to charge any additional fees, including

EV 459414428

extension fees or other relief which may be required for this paper, or credit any overpayment to Deposit Account No. 03-4075 (Atty. Docket No. 1367).

Respectfully submitted,

Date: December 9, 2004
